STORING ENERGY'S FUTURE

DYNETEK ANNOUNCES CHANGES TO THE BOARD OF DIRECTORS

Calgary, Alberta, Canada – August 27, 2007 – Dynetek Industries Ltd. (TSX:DNK), a leader in the design, manufacturing and marketing of proprietary fuel storage cylinders and systems for compressed natural gas (CNG) and hydrogen, announced today the appointment of Brad Turner to the Board of Directors.

Brad Turner has over 20 years experience in management, officer, director and senior executive positions. Brad is presently the President, CEO and a director of Richards Oil & Gas Limited, a TSX-V listed exploration, development and production company specializing in coalbed methane. Brad is also the President and director of TMI Consulting Corporation, a business management and corporate strategy consulting company.

Dynetek also announced today that Larry Wright and William (Bill) Kovalchuk have resigned as directors. Heinz Portmann, on behalf of the Board of Directors of Dynetek, thanked Larry Wright and William (Bill) Kovalchuk for their years of service and their valuable contributions to Dynetek's success.
