STORING ENERGY'S FUTURE

Dynetek Industries Ltd. Appoints Douglas Pigot as Chairman of the Board of Directors

Calgary, Alberta, Canada – May 5, 2009 – Dynetek Industries Ltd. (TSX:DNK), a leader in the design, manufacturing and marketing of proprietary fuel storage cylinders and systems for compressed natural gas and hydrogen, is pleased to announce the appointment of Mr. Douglas Pigot as Chairman of the Board of Directors.

Mr. Heinz Portmann, who has served as the Chairman of the Corporation since its inception, will remain as a Director and support Mr. Pigot in his transition as Chairman. The Board would like to thank Mr. Portmann for his dedication and service to the Corporation over the past 18 years.

Mr. Pigot assumes the role of Chairman immediately and will bring his 35 years of experience in banking, finance, capital markets advisory and general management to support and guide the Dynetek management team.
